EZEQUIEL GONZALEZ

Full-Stack Web Developer

I am a professional Full-Stack Web Developer with +10 years of experience. With my expertise in responsive web design, UI/UX design, and frontend development, I have successfully delivered numerous projects and I'm always looking for new challenges to further develop my skills.

WORK EXPERIENCE

FULL-STACK DEVELOPER - BERLIN, GERMANY

Cileria GmbH   [2024- Present]

- Developed and improved web applications using TypeScript, React, and NodeJS, delivering reliable and performant solutions.
- Created functional, user-friendly website prototypes that optimized design processes.
- Coordinated client requirements, ensuring effective technical solutions and clear communication.

FULL-STACK DEVELOPER - BERLIN, GERMANY

DCI Digital Career Institute GmbH [2023 - 2024]

- Engage students with interactive recap sessions.
- Use multimedia, cases, quizzes for immersive learning.
- Tailor support and empower students to overcome obstacles.

FULL-STACK DEVELOPER & PRODUCT DESIGNER - LATAM

Cripto Ecosystem   [2020 - 2023]

- Product design and full development of the platform.
- Sketching, prototyping and conducting the User Research.
- Optimized workflow, cutting turnaround time by 20%.

FRONTEND DEVELOPER - UNITED KINGDOM

Skyscanner [2018 - 2019]

- Optimized front-end performance, reducing load times by 30% through efficient code and resource management.
- Collaborated closely with design and backend teams to ensure seamless UI integration and functionality.

PROJECTS

REACT ARCHITECT AI

An app that leverages AI to visualize and document your React or Next.js code effortlessly. Quickly generate documentation within minutes.

- React.JS | Electron | TypeScript | Node.JS | Postgres
